

OUR ROOTS

"PLAYING MUSIC, CHANTING-FOR PACHA MAMA-AND DANCING."

OUR ROOTS

All started back in 2018, when we used to hold small beach gatherings, with close friends - a small tribe. We would watch the sunset, while sitting in big circles on the golden sands of the Greek Islands. They were informal gatherings rather than organized ones. But everyone had a unique role to perform. Our musician friends would bring their instruments. Our spiritual friends would gather logs and woods to start the fire.

Those that loved electronic music would join us with portable sound systems. While the artists, the friends from the nearby street markets would pack away their products to celebrate with us the end of the day. And this is how Otro Mundo was born. We were playing music, chanting - for Pacha Mama -, dancing, admiring the changing colours of the sunset that would gracefully merge with the black of the starry nights.

OUR JOURNEY

"BE BETTER, DO BETTER TOGETHER, SYNC UP AND CELEBRATE LIFE."

OUR JOURNEY

Naturally, those unexpected get-togethers of our tribe at the beach led to the fulfilment of a vivid dream. A dream to bring people together, connect them as friends and embrace them in the spirit of love. A dream to create a harmonious diverse community, where all those that want to do better, be better and enhance peace and oneness, are welcome. A dream including everyone wishing to exchange vibrations, naturally resonate and sync up, inspire and support each other as well as to enhance all its members' lifestyles. And this big dream of ours, led to a 3-day gathering, now we are ready for its next chapter ready to share with everyone our Healing Rituals & Workshops, Sonic Storytelling, Art.isanal Bazaar and Immersive Performances.

WHAT ARE WE MADE OF – 4 ELEMENTS

PEOPLE ARE BORN AND LIVE WITH A CERTAIN, MUSICAL RHYTHM THAT IDENTIFIES WITH THEM.

THIS IS HOW THEY FUNCTION, REJOICE, ACT AND INTEGRATE INTO THEIR NATURAL FLOW.

IN THIS RHYTHM, THEY ACCEPT THEIR WHOLENESS!

...AND OTRO MUNDO DOES JUST THAT.

IT IS A FESTIVAL THAT TRAVELS PEOPLE, IN PARALLEL UNIVERSES,

PEOPLE WHO SPEAK THE SAME LANGUAGE: THE ONE OF MUSIC.

IT INSPIRES, IT OPENS NEW HORIZONS.

IT ACTIVATES, THE ONES INITIATED OR NOT... ABOVE ALL IT CONNECTS!

1. MIND & SOUL RITUALS & WORKSHOPS

We are bringing together a selection of facilitators who will organise various rituals and workshops with the aim to open everyone's senses and provoke a deep thinking so we can better connect with ourselves and the people that surround us.

2. SONIC STORYTELLING THROUGH MUSIC

“Music is the universal language of mankind”
Henry Wadsworth Longfellow.

And this is the magic of music: it can carry such emotional weight across many cultures and nations, and by doing so it transmits messages, feelings and emotions where words cannot. Through music we reach a higher vibration, we make our bodies dance and our souls flow. Hearts recognise each other and connect, and we are guided into an awakening. Creating a line-up of musicians is a difficult task. We are listening to loads of music from various artists (this is the good part that we love), agreeing, disagreeing and agreeing that we disagree to the point that we selected some of our favourite artists to provide 3 days of eclectic music. We have crafted a sonic journey with the sounds of Electronica & Organic Downtempo, Deep Melodic House, Tribal, Afro, Progressive and Tech.

3. ART.ISANAL BAZAAR

In this vibrant gathering our purpose is to bring to our community an independent, non-mainstream and conscious market by supporting small producers and local artisans that create unique products. Our diverse collection of treasures will indulge the gatherers with amazing handmade jewelry, gifts, clothes & natural products.

*Artisan: A person skilled in a utilitarian art or craft, especially one requiring manual skill; a craftsman. A person that makes a high-quality or distinctive product in small quantities, usually by hand or using traditional methods.

IMMERSIVE PERFORMANCES

Magical immersive performances unannounced, from the world of Choreography and Theatre will happen at everyone's surprise and an afterthought of wonder, "how did this"...."is this really now happening"...."wait a minute this is amazing"...."oh wait its over already".

NAME ORIGINS AND MEANING

WHAT WE NEED IS "ANOTHER WORLD" THE CREATION OF AN ETEROTOPIA, AN "OTRO MUNDO"

NAME ORIGINS AND MEANING

Finding a solid name is such a difficult task. We were searching and brainstorming again and again for over two years without any luck. Until one day, at the end of 2021, following a New Moon Ritual, we decided that what we need is "another world" the creation of an Eterotopia, an "Otro Mundo". "Eterotopia" is a concept used in philosophy to describe places functioning in a nonhegemonic conditions and that are simultaneously physical and mental. It is a parallel space that makes utopia possible.

Otro Mundo was inspired by our strong desire to step into "another world" where people focus on the meaningful "things" in life, like nurturing their soul, opening their heart, while celebrating their body and elevating their spirit. As one of us says "Human beings need music, stories, and magic in the same way plants, need sun and rain".

EMBRACE THE LIGHT

"LOOK AT THE SUN, AREN'T WE LUCKY TO HAVE THIS IN OUR LIVES...
DANCE ALL DAY, REST THROUGHOUT THE NIGHT."

EMBRACE THE LIGHT

Wake up, join a ritual to look inward and soothe your soul, let the sun caress your skin and listen to the music, get into it, look around you, smile to the people, offer a hug, chat, dance, make each other smile, look at the sun, aren't we lucky to have this in our lives...dance all day, rest throughout the night, wake up fresh, join the Healing area rituals and be back on the dancing grounds throughout the day, again and again...
